

SUPPORTIVE HOUSING INITIATIVE ACT (SHIA) GRANT DESCRIPTIONS
May 2001

PROJECT	OVERVIEW	TOTAL FUNDING AMOUNT
A Community of Friends – Cornerstone Apt. (Los Angeles County)	This new development project dedicates 36 units of supportive housing for individuals and families with severe mental illness and/or dual diagnosis. Services include case management, independent living skills training, family counseling, job training, and employment placement and counseling. Project partners include San Fernando Valley Community Mental Health Center (service provider) and Barker Management Incorporated (property manager).	\$1,852,682
Alameda County Housing and Community Devel.	SHIA funds will be used to support an integrated supportive services program for 95 households with disabilities, including severe mental illness, alcohol/drug addiction, HIV/AIDS, and other chronic physical disabilities. Funds will be used to support case management and drug counseling services, as part of an integrated services program that also includes comprehensive mental health services, employment training and placement, life skills and family support services and primary health care provision. Project partners include Alameda Point Collaborative, Alameda County Behavioral Health Care Services, Building Futures with Women and Children, Bonita House, Xanthos, Eden Information and Referral, Native American Health Center, College of Alameda One-Stop Resource Center, and Love, INC.	\$1,063,381
Building Opportunities for Self Sufficiency (Alameda County)	Funds will be used to provide services to approximately 570 individuals throughout Alameda County who are dually diagnosed or suffering from HIV/AIDS. Services to be provided include therapeutic counseling, service assessment, income and employment skills, children and family services, life skills and community building resources and mutual support. Project partners include Alameda County Independent Living Skills Program, Solid Foundation, UA Housing, Alameda County Children and Protective Services, Women's Day Time Drop-In Center, Homeless Action Center, Resources for Community Development, Oakland Community Housing, Inc., East Oakland Recovery Project, and Healthy Babies Project.	\$488,051

SUPPORTIVE HOUSING INITIATIVE ACT (SHIA) GRANT DESCRIPTIONS

May 2001

Butte County Dept. of Behavioral Health	SHIA funds will provide services to approximately 44 mentally ill and/or dually diagnosed consumers living in scattered site housing. Services will include case management, independent living skills training, assistance with accessing community support services, money management, and medication management. Project partners include Jobs Plus, Do-It Leisure, and the Butte County Housing Authority.	\$697,203
City and County of San Francisco Dept. of Human Services	This consolidated application consists of seven supportive housing projects, five for families, one for young adults, and one for individuals with HIV/AIDS. With the exception of one site, all are new housing developments. Target populations include families with special needs related to mental health, substance abuse and HIV/AIDS, young adults aging out of foster care, and chronic illness. Services vary by site but include case management, benefits and money management issues, substance use treatment, family violence prevention, tenant advocacy and organizing, basic problem solving, daily life skills support, short-term counseling, and vocational education. Project partners include various service and property management providers.	\$3,000,000
Contra Costa County Health Services – Homeless Program	SHIA funds will be used to expand the current HHISN program to include 15 additional clients in east Contra Costa County. A majority of the clients will be dually diagnosed and some may also have HIV/AIDS. Services will include client-centered case management and treatment services; health care; substance use management counseling based on a harm reduction philosophy; money management; life skills counseling; and individual, group and peer support. Project partners include Phoenix, Rubicon, SHELTER, Inc., and Mental Health Consumer Concerns.	\$1,934,475
Fred Finch Youth Center (Alameda County)	This project will provide services to 18 young adults suffering from mental illness. Services include daily living skills training, access to external programs and services, counseling, development of abilities necessary for community living, development of skills needed to overcome language and cultural barriers, and self-advocacy skill training. Fred Finch Youth Center provides services and also owns the property on which Coolidge Court is located.	\$394,000

SUPPORTIVE HOUSING INITIATIVE ACT (SHIA) GRANT DESCRIPTIONS

May 2001

Homes for Life Foundation (Los Angeles County)	Homes for Life Ashtabula Homes will provide supportive services to 20 low-income adults with chronic mental illness. Housing is currently being developed in Pasadena. Services will include case management, home maintenance, activities of daily living, money management, self care, leisure skills, problem-solving and communication skills training, group therapy, vocational rehabilitation, and psychiatric and medication support. Homes for Life Foundation is the housing developer and service provider. Pacific Clinics, University of Southern California Department of Occupational Science and Occupational Therapy, and Mental Health Advocacy Services, Inc provides additional services. National Housing Ministries is the property manager for this project.	\$99,100
Interim, Inc. (Monterey County)	This development project will provide housing for 28 individuals who are suffering from severe mental illness. Supportive services include case management, dinner meal service, day treatment, transportation assistance, social support, self help groups, employment and education support, and medication support. Interim, Inc. will be the housing developer, social services provider and property manager for this project. Monterey County Behavioral Health will also provide services.	\$853,335
Lifelong Medical Care (Alameda County)	This project will provide services for approximately 270 seniors living with chronic health conditions, mental illness, or physical disabilities. Services offered include physical health screenings, mental health and substance abuse programs, social development support, community building activities, and case management. Project partners include Satellite Housing, Inc. (housing owner, property manager and part of service team), St. Mary's Center (service partner), and Samuel Merritt College (service partner).	\$1,037,187
Los Angeles County Dept. of Mental Health	SHIA funds will be used to provide services to very low-income adults whose primary diagnosis is mental illness. Some participants may also be diagnosed with HIV/AIDS, substance abuse, developmental disability, and/or other chronic health conditions. Services to be provided include case management, independent living skills, and vocational skills training. Project partners include the City and County of Los Angeles Housing Authority, the Los Angeles Homeless Services Authority, Homes for Life Foundation and A Community of Friends.	\$999,999

SUPPORTIVE HOUSING INITIATIVE ACT (SHIA) GRANT DESCRIPTIONS
May 2001

Project New Hope – Laguna Apts. (Los Angeles County)	This new development project will provide supportive services and rental subsidies to 13 households living with HIV/AIDS in the Echo Park area of Los Angeles. An array of services will be provided to residents to support their housing stability and assist them in achieving greater levels of independence, including health and welfare services, psychosocial support, and employment retraining and placement services. Project New Hope is the developer and owner of the Laguna Avenue Apartments. Service Coordination, employment services, and other services provided directly by Project New Hope are made available through collaboration between the Los Angeles AIDS Housing Consortium and the Los Angeles Housing Department. Project Angel Food, AltaMed Health Services, AIDS Service Center, and HALSA provide additional services.	\$971,016
Project New Hope – Nyumba, Hoover, Main Street, Casa del Sol (Los Angeles County)	SHIA funds will be used to provide services to 92 individuals and families living with HIV/AIDS, often coupled with mental illness or substance abuse. Sites are scattered among four apartment complexes in the greater Los Angeles area. Services include crisis intervention, counseling, life skills training, and vocational rehabilitation. Project partners include Project Angel Food, AltaMed Health Services, AIDS Service Center, and HIV/AIDS Legal Services Alliance.	\$914,139
San Diego County Health and Human Services Agency	This project provides 38 units of housing for individuals and families with severe mental illness. Services include case management, basic life skills training, wraparound services, and health and dental screenings. The County of San Diego Health and Human Services Agency is partnering with Interfaith, Inc.	\$915,001
San Joaquin County Dept. of Mental Health	This project provides supportive housing for 45 mental health consumers. Services include case management, safety training, mental and physical health treatment and support, vocational training, money management training, and training in developing interpersonal skills. Project partners include University of the Pacific's Community Re-entry Program, Hull Family Properties, and Property Management Experts. Other non-formal partners include San Joaquin County Office of Substance Abuse, Ryan White Consortium, San Joaquin County Public Health, HEART, and Central Valley Low Income Housing Corp.	\$596,042

SUPPORTIVE HOUSING INITIATIVE ACT (SHIA) GRANT DESCRIPTIONS
May 2001

Santa Barbara County Dept. of Alcohol, Drug and Mental Health Svs.	Funding will be used to establish two intensive case management and housing support projects – one in each geographic region of the county – to enable at least 106 adults with serious mental illness and multiple risk factors for housing instability to obtain and maintain permanent, stable, affordable housing in the community. Services model will replicate national supportive housing best practices using an Assertive Community Treatment (ACT) approach. Project partners include Santa Barbara Mental Health Association, Sanctuary Psychiatric Centers of Santa Barbara, Work Training Programs, Inc., and Transitions-Mental Health Association.	\$2,715,490
SRO Housing Corp. (Los Angeles County)	SHIA funds will be used to provide supportive services to individuals who are dually diagnosed. Housing will be available in the Skid Row area of Los Angeles County. SHIA funds will be used to create a dual diagnosis treatment team. Case management, nutrition programs and transportation services will also be available to tenants in this project. Single Room Occupancy Corp. serves as the service provider to tenants who are living in supportive housing units.	\$1,094,855
The Association for Community Housing Solutions (San Diego County)	This is a development project dedicating 18 units of supportive housing for adults with serious mental illness. Services will include case management, community groups, and crisis intervention. Project partners include A Community of Friends (housing developer), Behavioral Health Group (services provider), and Cuatro Corporation (property manager).	\$502,378
Yolo Community Care Continuum (Yolo County)	This project provides scattered site housing for adults and transitional age youth with severe mental illness. Supportive services will include case management, independent living skills training, vocational training, consumer self-help, day treatment program, assistance with locating housing, assistance with rent-up, and assistance with moving. YCCC is partnering with the Yolo County Department of Alcohol, Drug and Mental Health Services, Community Housing Opportunities Corporation, and the State Department of Rehabilitation.	\$1,393,043
